

Cleaner MR-72

Description:

Cleaner MR-72 is an aqueous all-purpose cleaner and contains a highly effective combination of anionic and nonionic surfactants. Cleaner MR-72 reliably removes oil, grease, polymers, silicones and other pollutions from every kind of other materials without attacking the surfaces. The Cleaner MR-72 is used for the effective cleaning in all industrial areas.

Application Fields:

Cleaner MR-72 has a very good solvency power. The cleaner MR-72 releases excellently all oil-, grease-, silicone-, polymer- and wax residues.

Application:

MR-72 Cleaner is an environmentally friendly cleaner that has been proven in the industry by its very good cleaning power. The reaction time depends on the nature and severity of the pollution. After cleaning with MR-72, it is no longer necessary to refinish with a fast evaporating solvent. A sealer or release agent can immediately be applied. To this end, we recommend products from our Mikon series.

Technical Data:

Composition:	aqueous solution of anionic and nonionic surfactants
Appearance:	grey liquid
Density [g/cm³]:	0.97
pH-value (20°C):	approx. 11

Packaging:

Can	4.85 kg
Can	29.1 kg

Storage:

Cleaner MR-72 should be stored in tightly sealed containers and has to be protected from frost, heat and direct sunlight. If these rules are obeyed, the product can be stored for at least 12 months. The expiry date is stated beneath the production date on the labels of each container.

Information for regulations on safety and transportation are provided in the safety data sheet

Product technical information and data is based on the best information available and does not constitute or imply a warranty or patent infringement of any kind. The user is responsible for testing product suitability prior to use in production.
